ETHICS: DISCOVERING RIGHT AND WRONG, 8E offers students an engaging and comprehensive overview of ethical theory. Written by one of contemporary philosophy's top teachers and revised by a best selling author, this textbook combines a conversational and non-dogmatic approach with strong supporting pedagogy. By even-handedly raising critical questions drawn from both classical and contemporary sources, this edition challenges students to develop their own moral theories and apply them to today's ethical problems. This revision also presents an even broader presentation of various positions, featuring more feminist and multicultural perspectives as well. ETHICS: DISCOVERING RIGHT AND WRONG, 8E begins with chapters orienting students to questions of meta-ethics and major moral theories. Later chapters address special topics in personal and religious ethics as well as the most recent developments in moral theory, including a new chapter on Biology and Ethics. Useful bibliographies and study questions for each chapter aid students in grasping the material and delving deeper into philosophy.

SOCIETY, ETHICS, AND TECHNOLOGY, 5E

Morton Winston, The College of New Jersey; Ralph Edelbach, The College of New Jersey

© 2014, 480pp, Paperback, 9781133943556

From today's headlines to your classroom, **SOCIETY, ETHICS, AND TECHNOLOGY, 5E**, explores the cutting edge of technological innovation and how these advances represent profound moral dilemmas for society as a whole. Winston and

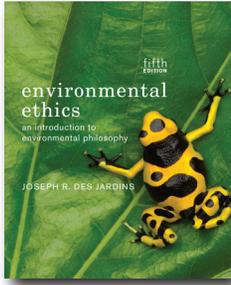

Edelbach's timely anthology, updated with new readings and introductions, examines the consequences of technological change from a variety of historical, social, and philosophical perspectives. Your students will build a strong foundation in theoretical and applied ethics as they examine critically the social effects of the technology in their daily lives. In addition to highlighting ethical theory, the readings assist students in establishing frameworks for ethical decision-making. New articles examine the impact of contemporary technological advances, such as nanotechnology, artificial intelligence, and social media. Special coverage of the history of technology focuses on ground-breaking developments, as well as the technological underpinnings of contemporary globalization. In addition, the book explores the future of technology in such areas as human rights, overpopulation, biotechnology, information technology, climate change, and the environment. New readings draw on a variety of contemporary social issues and numerous disciplines, from philosophy and sociology to engineering and computer science, while insightful introductions and focus questions guide student comprehension.

An Introduction to Philosophy

Douglas J. Soccio, Shasta College;
Andrew Fiala, Fresno State University

© 2025, 624pp, Paperback, 9780357947425

eBook

Soccio/Fiala's ARCHETYPES OF WISDOM: AN INTRODUCTION TO PHILOSOPHY, 10th EDITION, uses a historical approach to bring introductory philosophy to life through lively narratives, engaging illustrations and a

student-friendly writing style. Using its signature conversational prose, the textbook guides students through the lives and works of history's greatest philosophers, drawing from both canonical primary sources and the latest philosophical critiques.

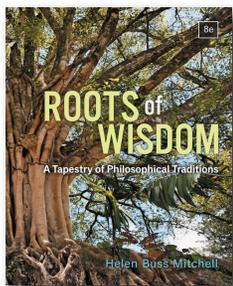

ROOTS OF WISDOM, 8E

A Tapestry of Philosophical Traditions

Helen Buss Mitchell, Howard Community College

© 2019, 560pp, Paperback, 9781337559805

MindTap eBook

Mitchell's **ROOTS OF WISDOM: A TAPESTRY OF PHILOSOPHICAL TRADITIONS**, Eighth Edition, explores worldviews by examining universal and current philosophical issues through a rich tapestry of perspectives, including the ideas and traditions of men

and women from the West, Asia, the Americas and Africa. Worldviews reveal core beliefs and determine who is and who is not a person, what an Ultimate Reality might be like and how to resolve the personal, political and social questions that shape ethical decision making. The text couples unrivaled breadth of multicultural coverage with a clear and concise presentation. Striking images from fine art, cartoons, poetry, movies, current events and popular music illustrate our diverse cultural inheritance. Lively discussions include the Confucian Socially Molded Self, issues of sovereignty and citizenship and the philosophical concept of personhood.

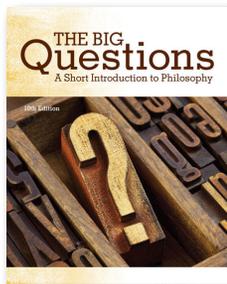

THE BIG QUESTIONS, 10E

A Short Introduction to Philosophy

Robert C. Solomon, University of Texas, Austin; Kathleen M. Higgins, University of Texas, Austin

© 2018, 464pp, Paperback, 9781305955448

MindTap eBook

Solomon and Higgins's engaging text covers philosophy's central ideas in an accessible, approachable manner. Through an exploration of timeless "big questions" about the self, God, justice, and other meaningful topics, the authors provide students

with the context they need for an understanding of the foundational issues, while giving them the impetus and confidence to establish their own informed positions on these "big questions." To give you maximum flexibility to fit the book to your course, each chapter is designed with self-contained discussions, making it easy for you to choose your preferred topics and presentation order. This edition is now also available with MindTap Philosophy, the digital learning solution that helps instructors engage and transform today's philosophy students into critical thinkers.

LOGIC AND CRITICAL REASONING

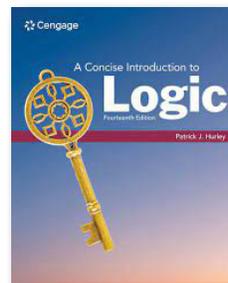

NEW EDITION

A CONCISE INTRODUCTION TO LOGIC, 14E

Patrick J. Hurley, University of San Diego

© 2024, 752pp, Paperback, 9780357798683

WebAssign eBook

Unrivaled for its clarity and comprehensiveness, Hurley's A CONCISE INTRODUCTION TO LOGIC is the No. 1 introductory logic textbook on the market. Featuring a "logic is empowering" theme, the 14th edition continues to build upon the

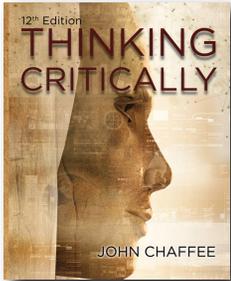

tradition of a lucid, focused and accessible presentation of logic -- both formal and informal. Extensive, carefully sequenced exercises guide students toward greater proficiency with the skills they are learning. The range and volume of exercises allow self-pacing, enabling students who have greater difficulty to methodically build skills and work up to more difficult problems. The highly robust online platform WebAssign offers an expanded array of technology supplements, including a gradable interactive version of many of the book's exercises, online homework solutions, multimedia tutorials, question-level help videos and the complete text in an eBook format.

THINKING CRITICALLY, 12E

John Chaffee, *City University of New York*

© 2019, Paperback, 9781337558501

MindTap eBook

Empower students to become sophisticated thinkers with THINKING CRITICALLY, 12th Edition, which teaches the fundamental cognitive process that allows students to develop higher-order thinking abilities needed for academic and career

success. Students learn to think critically about subjects drawn from academic disciplines, current issues, and life experiences. Author John Chaffee begins with basic skills related to personal experience and then progresses to the more sophisticated reasoning skills required for abstract contexts. Each chapter provides an overview of an aspect of critical thinking, such as problem-solving, perception, and the nature of beliefs. Activities and writing assignments invite active participation and prompt students to critically examine others' thinking, as well as their own. Readings engage students in thinking about complex issues from various perspectives.

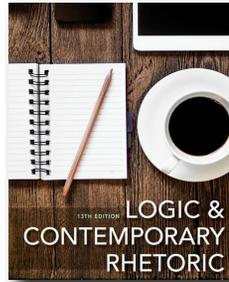

LOGIC AND CONTEMPORARY RHETORIC, 13E

The Use of Reason in Everyday Life

Frank Boardman, *Dickinson College, Hunter College of CUNY*;
Nancy M. Cavender, *College of Marin*; Howard Kahane,
University of Maryland, Baltimore County

© 2018, 416pp, Paperback, 9781305956025

MindTap eBook

LOGIC AND CONTEMPORARY RHETORIC: THE USE OF REASON IN EVERYDAY LIFE, 13th Edition, introduces you to sound reasoning using current, relevant, and stimulating examples in a witty and invigorating writing style.

Combining examples from television, newspapers, magazines, advertisements, and our nation's political dialogue, this classic text brings the concepts to life and puts critical-thinking skills into a context that you will retain and use throughout your life.

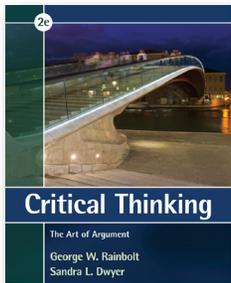

CRITICAL THINKING, 2E

The Art of Argument

George W. Rainbolt, *Georgia State University*; Sandra L. Dwyer, *Georgia State University*

© 2015, 496pp, Paperback, 9781285197197

eBook

CRITICAL THINKING: THE ART OF ARGUMENT, 2nd Edition, is an accessible yet rigorous introduction to critical thinking. The text emphasizes immediate application of critical thinking in everyday life and helps students apply the skills they are studying. The

relevance of these skills is shown throughout the text by highlighting the advantages of basing one's decisions on a thoughtful understanding of arguments and presenting the overarching commonalities across arguments. With its conversational writing style and carefully selected examples, the book employs a consistent and unified treatment of logical form and an innovative semiformal method of standardizing arguments that illustrates the concept of logical form while maintaining a visible connection to ordinary speech. Without sacrificing accuracy or detail, the authors clearly present the material, with appropriate study tools and exercises that emphasize application rather than memorization.

PHILOSOPHY OF RELIGION

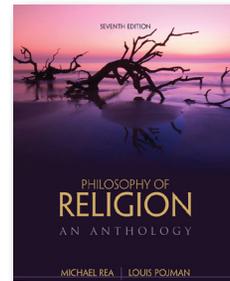

PHILOSOPHY OF RELIGION, 7E

An Anthology

Louis P. Pojman, *Late of the United States Military Academy, West Point*; Michael Rea, *University of Notre Dame*

© 2015, 736pp, Paperback, 9781285197326

eBook

PHILOSOPHY OF RELIGION: AN ANTHOLOGY, 7E introduces students to the philosophy of religion through a balanced blend of classic and contemporary articles. Using a topical approach, this engaging textbook begins by outlining

traditional concepts of God, then moves into related fields of inquiry such as the problem of evil, feminist perspectives of God, and mystical experiences. In addition, the textbook presents traditional proofs of God's existence, along with counter arguments. PHILOSOPHY OF RELIGION: AN ANTHOLOGY, 7E also examines the interplay between religion and science, religion and faith, and religion and epistemology.
